

Kate & Mack's Summer Bucket List

30 different ideas for you to do this summer!

Summer is such a fun time of year. The weather is beautiful, the sun is shining, you're probably on summer break and the days are just waiting to be filled with adventures!

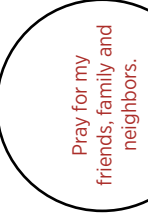

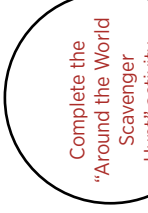

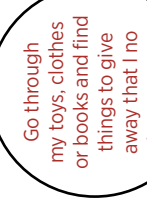

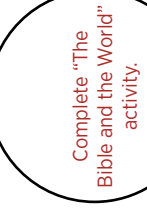

Mack and I wanted to share 30 different ideas for activities you can do this summer. Use them as inspiration on those days where you might not be sure what you want to do. You could even invite your friends, family or neighbors to join you on some of these adventures too!

Print out our summer bucket list and put it somewhere you'll see often (maybe the front of your fridge, by your dresser or on the bathroom mirror) so you can join us on checking off items this summer!
