INDEPENDENT AUDITORS' REPORT

Board of Directors
Wycliffe Bible Translators, Inc.
and Affiliates
Orlando, Florida

We have audited the accompanying combined financial statements of Wycliffe Bible Translators, Inc. and Affiliates, which comprise the combined statements of financial position as of September 30, 2013 and 2012, and the related combined statements of activities and cash flows for the years then ended, and the related notes to the combined financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these combined financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of combined financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these combined financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the combined financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the combined financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the combined financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the combined financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the combined financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the combined financial statements referred to above present fairly, in all material respects, the combined financial position of Wycliffe Bible Translation, Inc. and Affiliates as of September 30, 2013 and 2012, and the changes in its net assets and cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Notes to Combined Financial Statements

September 30, 2013 and 2012

1. NATURE OF ORGANIZATION:

Wycliffe Bible Translators, Inc. (Wycliffe USA), a California non-profit corporation, is an interdenominational missionary organization with the goal of forwarding, in every way possible, the translation of the Word of God into all those languages of the world where it is needed. Wycliffe USA makes known to the Christian community the opportunities for service, the need for financial and prayer support, and encourages Christians to join with it in bringing God's Word to ethnic groups around the world. Wycliffe USA is a member of Wycliffe Global Alliance, an association of approximately 100 member and partner organizations, which carry out similar work throughout the world.

Support for Wycliffe USA's ministry comes primarily from donor contributions. Wycliffe USA is exempt from income tax under Section 501(c)(3) of the U.S. Internal Revenue Code (Code) and comparable state law and is classified as a publicly supported organization, which is not a private foundation, under Section 509(a)(1) of the Code.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

BASIS OF ACCOUNTING

Wycliffe USA maintains its accounts and prepares its combined financial statements on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

PRINCIPLES OF COMBINATION

This report presents the combined financial position, changes in net assets and cash flows of Wycliffe USA and its controlled affiliates, The Wycliffe Seed Company (TSC), Moss Park Holdings (MPH) and the Wycliffe Bible Translation Foundation (Wycliffe Foundation). Significant transactions and balances between the organizations have been eliminated for combined financial statement purposes.

TSC, a California religious non-profit corporation, works with local translators and international partner organizations as well as financial and prayer partners in a concentrated effort to make God's Word readily available for faster church planting, effective discipleship and greater community transformation. These partnerships ensure the Scriptures are translated accurately and provided in the most accessible forms for maximum impact in the local communities.

MPH is a Florida for-profit corporation invested in a limited partnership. MPH has a right to 20% of the profits on sales of land owned by the limited partnership. The purposes of the limited partnership are to take title to property, develop the land in accordance with a master plan, finance such development and ultimately dispose of the land and improvements.

The Wycliffe Foundation is a California non-profit corporation headquartered in Orlando, Florida. It supports 501(c)(3) tax-exempt organizations that are involved in Bible translation by engaging in gift planning services and planned gift administration. Some of the planned giving instruments that are used by Wycliffe Foundation include wills, annuities, trusts, endowments and donor-advised funds.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued:

PRINCIPLES OF COMBINATION, continued

Related entities, not included in these combined financial statements due to their financial and administrative independence, are listed below:

- Wycliffe Associates, Inc. (WA) is committed to involving people in the advancement of Bible translation worldwide through programs of prayer, financial stewardship and international volunteer service opportunities.
- Summer Institute of Linguistics, Inc. (SIL) provides training programs for linguists and supports the study of and translation into the less known and unwritten languages in the world. It also promotes literacy development in these languages. JAARS, Inc. (JAARS) provides technical, logistic and personnel support for field operations. SIL and JAARS are combined for financial reporting purposes.
- Wycliffe Global Alliance (WGA) promotes the efforts of the Wycliffe Global Alliance Participating Organizations (45 member organizations and more than 60 partner organizations) as they engage the worldwide Church in providing resources for Bible translation and related ministry around the globe.
- RIA Charitable Investments Inc. (RIACII) exists to provide a pooled investment opportunity for Wycliffe Global Alliance member and associated partner organizations.
- Graduate Institute of Applied Linguistics is a graduate professional institute that provides training and research opportunities in such areas as linguistics, language and culture learning, language assessment and development, literacy, and Bible translation and equips students with the skills to train and serve others.

MEMBERS

The work of Wycliffe USA is primarily carried out by approximately 3,500 individuals who voluntarily joined the organization. Individual members are responsible for identifying a supporting constituency. To facilitate their work, the organization provides, on a cost basis, a variety of services for these members.

ESTIMATES

The preparation of combined financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued:

CASH AND CASH EQUIVALENTS

Cash includes checking, savings, money market accounts deposited with FDIC-insured financial institutions and a cash deposit with a related entity. Certain accounts that meet the definition of cash but are part of a larger pool of investments are included in investments. From time to time, Wycliffe USA has cash deposits in excess of federally insured limits; however, Wycliffe USA has not experienced any losses on these accounts and does not believe that it is exposed to any significant credit risk. Wycliffe USA performs ongoing evaluations of the financial institutions to limit its concentration of credit risk exposure. As of September 30, 2013, Wycliffe USA, TSC, and Wycliffe Foundation had approximately \$7,261,000 deposited with a related entity functioning as a money market account. In previous years, this amount was part of a longer term deposit classified as investments.

INVESTMENTS AND INVESTMENTS RELATED TO FIDUCIARY AGREEMENTS

Investments in marketable securities with readily determinable fair values, all investments in debt securities and donated rental property are reported at fair value on the combined statements of financial position. Land and building and limited partnership interests are recorded at the lower of cost or estimated market value.

RIA Charitable Investment Funds, Inc. (RIACII) operates as an investment pool available to certain Wycliffe Global Alliance member and associated partner organizations. Funds deposited with RIACII are invested in a variety of fixed income securities including U.S. Treasury issues, corporate bonds and mortgage backed bonds, which borrow and pay in U.S. dollars. The deposits are carried at the value of actual deposits made plus accrued interest. In 2012, deposits with related organization consisted of deposits with an investment pool held by SIL. The deposits earned interest at the rate of 3% for the years ended September 30, 2013 and 2012 (interest income recorded in the combined statements of activities for 2013 and 2012 was approximately \$1,388,000 and \$1,397,000, respectively). Credit risk is the failure of another party to perform in accordance with the contract terms. Wycliffe USA is exposed to credit risk for the amount invested in the pool.

Realized and unrealized gains and losses are recorded as non-operating gain or loss on the combined statements of activities. Investment income is reported as unrestricted unless specifically restricted by donors or by law.

BEQUESTS RECEIVABLE

Bequests receivable, that have been approved by the probate court and are measurable, are recorded at net realizable value. In most cases, proceeds are expected to be received within one year.

Notes to Combined Financial Statements

September 30, 2013 and 2012

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued:

CONTRIBUTIONS RECEIVABLE

Unconditional promises to give are recognized as income and contributions receivable in the period received. Conditional promises to give are recognized as income when the conditions on which they depend are substantially met. There is no allowance or discount applied to the contributions receivable in anticipation of these amounts being received in less than one year.

PROPERTY AND EQUIPMENT

Property and equipment are stated at cost. Expenditures for property and equipment in excess of minimum threshold amount of \$5,000 are capitalized at cost. Depreciation is provided using the straight-line method over the estimated useful lives of the depreciable assets as follows:

Buildings	10 to 40 years
Equipment	3 to 10 years
Furniture & fixtures	7 to 10 years

DEFERRED MATCHING CONTRIBUTION REVENUE

Deferred revenue consists of funds received by TSC with donor stipulations that matching contributions be raised in order to retain the gift. Contribution revenue is recognized as matching funds are raised. During 2013, TSC received approximately \$945,000 in matching funds for certain translation projects that must be raised within a three year period. As of September 30, 2013, approximately \$445,000 in matching gifts had been raised.

FIDUCIARY AGREEMENTS

Fiduciary agreements, administered by Wycliffe Foundation, represent the long-term liability of Wycliffe USA for charitable gift annuity contracts, revocable charitable trusts and charitable remainder trusts. Fiduciary agreement assets are recognized on the basis of their fair market value and reported as investments related to fiduciary agreements. The total liabilities under fiduciary agreements were as follows (in thousands):

	September 30,	
	2013	2012
Charitable gift annuity contracts	\$ 6,946	\$ 6,983
Revocable charitable trusts	1,402	1,482
Charitable remainder trusts	2,265	2,390
Amount due to other remaindermen	1,864	1,719
	<u>\$ 12,477</u>	<u>\$ 12,574</u>

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued:

FIDUCIARY AGREEMENTS, continued

Wycliffe USA has a charitable gift annuity program whereby donors may contribute assets to Wycliffe USA for the right to receive a fixed dollar annual return during their lifetime. A portion of the transfer is considered to be a charitable contribution for income tax purposes. The difference between the amount provided for the gift annuity and the discounted liability for future payments, determined on an actuarial basis, is recognized as contribution income at the date of the gift. Upon the death of the annuitant, income distributions cease. The actuarial liability for annuities payable is calculated annually using published mortality rate tables adopted by the Internal Revenue Service at an assumed rate of return of 6%. The resulting actuarial gain of approximately \$509,000 and \$494,000 in 2013 and 2012, respectively, is included in unrestricted change in value of fiduciary agreements on the combined statements of activities. Certain states require that Wycliffe USA maintain reserve funds adequate to meet the future payments under its outstanding annuity contracts. Wycliffe USA has separately invested funds sufficient to meet state requirements.

As trustee, Wycliffe USA administers revocable trusts that provide a beneficial interest to Wycliffe USA and other beneficiaries at the grantor's death. Net investment income from trust assets is paid to the grantor or designated beneficiaries. Because the trusts are revocable at the discretion of the grantor, the principal amounts are recorded as liabilities. Upon the death of the donor, the trust assets become the property of Wycliffe USA and are recognized as donations at that time. Any portion of a trust designated for other beneficiaries will be distributed in accordance with the trust agreement.

Wycliffe USA also administers irrevocable charitable remainder trusts. The trusts provide the payment of lifetime distributions to the donor or other designated beneficiaries. The present value of the estimated future payments is calculated using the current IRS Section 7520 interest rate and applicable mortality tables. At the death of the beneficiaries, the remaining assets are available for use by Wycliffe USA. The present value of the remainder interest of Wycliffe USA is reported as temporarily restricted contributions in the period received and as temporarily restricted net assets until a reclassification to unrestricted net assets is made, upon maturity of the trust. Investments related to trust agreements totaled approximately \$6,483,000 and \$6,548,000 as of September 30, 2013 and 2012, respectively.

WYCLIFFE BIBLE TRANSLATORS, INC. AND AFFILIATES

Notes to Combined Financial Statements

September 30, 2013 and 2012

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued:

NET ASSETS

The net assets of Wycliffe USA are classified into net asset categories according to externally (donor or legal) imposed restrictions as follows:

Unrestricted net assets include gifts for the general operations of Wycliffe USA, amounts designated by the Board for specific use and those resources invested in property and equipment.

Temporarily restricted net assets include gifts for which donor-imposed or timing restrictions have not been met, but for which the ultimate purpose of the proceeds is not permanently restricted.

Permanently restricted net assets include gifts for which donor-imposed restrictions do not expire by the passage of time or cannot be fulfilled or removed by actions of Wycliffe USA pursuant to those stipulations.

REVENUE

Revenue is recognized when earned and support when contributions are made, which may be when cash is received, or when ownership of other assets is transferred to Wycliffe USA. Conditional promises received are not included as revenue until the conditions are substantially met. Bequests are recorded as income at the time Wycliffe USA has an established right to the bequest and the proceeds are measurable. Service income represents amounts received from members and affiliated entities for housing, printing and other related services.

Contribution income to Wycliffe USA is subject to a ten to fifteen percent (10-15%) assessment and contribution income to TSC translation projects is subject to a nineteen percent (19%) assessment, which are used for general and administrative and fund-raising expenses. These assessments are reclassified from temporarily restricted to unrestricted net assets at the time the contribution is received.

CONTRIBUTED GOODS AND SERVICES

Contributed goods are recorded at fair market value at the time of donation. Contributed services are recognized as contributions if the services (a) create or enhance non-financial assets or (b) require specialized skills, are performed by people with those skills, and would otherwise be purchased by Wycliffe USA. Approximately \$100,000 and \$272,000 in contributed services were recognized as revenue and included in construction and construction in progress in 2013 and 2012, respectively. In addition, approximately \$233,000 and \$229,000 in contributed services were recognized as revenue and included in general and administrative expense in 2013 and 2012, respectively. Volunteers also provided other services throughout the year that are not recognized as contributions in the combined financial statements because the recognition criteria were not met.

Notes to Combined Financial Statements

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued:

ALLOCATION OF EXPENSES

Expenses are recorded when incurred in accordance with the accrual basis of accounting. The costs of providing various program services and supporting activities of the organization have been summarized on a functional basis in the combined statements of activities. Accordingly, certain costs have been allocated among the program services and activities benefited. Joint costs are costs incurred in activities that involve a combination of fund-raising and program and/or management and general activities.

In developing and maintaining their support teams, members spend a portion of their time on fund-raising activities. A change in the method of estimating the value of this activity was made in 2013. In 2012, based on an old survey, only labor of members in training and furloughing members (approximately \$18,064,000) was considered to have joint costs. Of these costs, 25% was allocated to fund-raising and 75% to Bible translation and related programs. In 2013, a new survey of member activities showed that all members are conducting at least some fundraising and therefore that all member labor has joint costs (approximately \$98,289,000). Of this amount, 75% was allocated to fund-raising for pre-field members and members assigned to fulltime support team development, 12% for members on furlough, and 1.5% for all other active members. The resulting amount of labor cost reallocated to fundraising expense using the two methods is not materially different: approximately \$4.2 and \$4.6 million in 2013 and 2012, respectively. All remaining labor was assigned to either program or general and administrative activities.

UNCERTAIN TAX POSITIONS

The financial statement effects of a tax position taken or expected to be taken are recognized in the combined financial statements when it is more likely than not, based on the technical merits, that the position will be sustained upon examination. Interest and penalties, if any, are included in expenses in the combined statements of activities. As of September 30, 2013 and 2012, Wycliffe USA had no uncertain tax positions that qualify for recognition or disclosure in the combined financial statements.

NEWLY ADOPTED ACCOUNTING PRONOUNCEMENTS

During the year, Wycliffe USA adopted the updated provisions of the *Donated Stock* topic of the Financial Accounting Standards Board Accounting Standards Codification (FASB ASC). The effect of this adoption was an increase in operating cash flows and a decrease in investing cash flows.

9. HEALTH INSURANCE:

Wycliffe USA provides a self-funded health insurance plan to its members. The plan year runs from October 1st to September 30th and is limited to an annual maximum of \$750,000 per covered individual. Wycliffe USA's net cost under this program and accruals for known and incurred but not reported claims are reported as medical claims payable in the accompanying combined financial statements. This reserve is based on an estimate of outstanding claims at September 30; however, the actual liability is unknown and exposure to losses in excess of the accrued reserve may exist.

10. EMPLOYEE RETIREMENT PLAN:

Wycliffe USA provides non-member employees the opportunity to participate in a 403(b) retirement plan that includes matching contributions. Eligible employees are those who have completed 3 months of service and work 20 or more hours per week. Eligible employees can designate a portion of their salary to fund their retirement account and Wycliffe USA matches those contributions dollar for dollar up to 2.5% of compensation. For the years ended September 30, 2013 and 2012, contributions by Wycliffe USA were approximately \$123,000 and \$121,000, respectively.

TSC has established a 403(b) retirement plan. TSC matches employee contributions at 100% up to 2% of annual salary and contributes another 3% of salary beyond the match. Employees are eligible for the plan after completely satisfying the earnings requirement and service requirements. Employees are vested gradually over a two year period. For the years ended September 30, 2013 and 2012, TSC contributed approximately \$207,000 and \$162,000, respectively, to this plan.

11. DISCLOSURE OF FAIR VALUE OF FINANCIAL INSTRUMENTS AND FAIR VALUE MEASUREMENTS, continued:

The following methods and assumptions were used to estimate the fair value of each class of financial instruments for which it is practicable to estimate that value:

Cash, notes receivable, accounts payable and notes payable : The carrying amounts approximate fair value due to the short-term maturity of these instruments.

Common stock, money markets, mutual funds and U.S. Government agency bonds : The fair value of these financial instruments is based on quoted market prices or dealer quotes, when available. The fair value of restricted corporate stock is based on Wycliffe USA's estimated fair market value at an estimated selling cost.

Donated rental property: The fair value is based on appraised value on date of gift.

Corporate bonds : The fair value of these financial instruments is based on yields currently available on comparable securities of issuers with similar credit ratings.

Fiduciary agreements : The carrying amounts approximate fair value and is based on the present value of future cash flows to annuitants, income beneficiaries and other remaindermen, respectively, using published mortality rate tables adopted by the IRS at an assumed rate of return of 1 - 6%.

Wycliffe USA uses appropriate valuation techniques to determine fair value based on inputs available. When available, Wycliffe USA measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are only used when Level 1 or Level 2 inputs were not available. Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs consist of significant unobservable inputs and have the lowest priority.

Changes in methods and assumptions : None.

12. PROJECT FUNDING COMMITMENTS:

In the normal course of business, TSC makes commitments to sponsor Bible translation projects carried on by related and foreign organizations. The sponsorships are conditional on approval of the organization's project proposal, receiving periodic progress and financial reports, and satisfactory progress toward project goals as outlined in the sponsorship agreements. The sponsorship commitments represent expected disbursements based on approved project budgets, and may vary based on currency exchange rates, staffing changes, inflationary factors and/or significant changes in the project as reported per the project agreements. At September 30, 2013, TSC had approximately \$1,879,000 remaining to be disbursed under these sponsorship agreements.

13. ENDOWMENT FUNDS:

Wycliffe USA, through services provided by Wycliffe Foundation, administers thirteen individual donor-restricted endowment funds established for a variety of purposes. Net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

Wycliffe USA has interpreted the Uniform Prudent Management of Institutional Funds Act (UPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, Wycliffe USA classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the organization in a manner consistent with the standard of prudence prescribed by UPMIFA.

In accordance with UPMIFA, Wycliffe USA considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

1. The duration and preservation of the fund
2. The purposes of the organization and the donor-restricted endowment fund
3. General economic conditions
4. The possible effect of inflation and deflation
5. The expected total return from income and the appreciation of investments
6. Other resources of the organization
7. The investment policies of the organization

13. ENDOWMENT FUNDS, continued:

Funds with deficiencies: From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or UPMIFA requires Wycliffe USA to retain as a fund of perpetual duration. There were no deficiencies at September 30, 2013 and 2012.

Return objectives and risk parameters: Wycliffe USA has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Under this policy the endowment assets are invested in a manner that focuses on long-term capital appreciation while achieving relatively predictable and modest current income requirements.

Strategies employed for achieving objectives: To satisfy its long-term rate-of-return objectives, Wycliffe USA relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). Wycliffe USA targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives within prudent risk constraints.

Spending policies and how the investment objectives relate to spending policy: Wycliffe USA has a policy of appropriating for distribution each year the earnings stipulated in each individual endowment agreement. In establishing this policy, Wycliffe USA considered the long-term expected return on its endowment. Accordingly, over the long term, Wycliffe USA expects the current spending policy to allow its endowment to grow. This is consistent with Wycliffe USA's objective to maintain the purchasing power of the endowment assets held in perpetuity or for a specified term as well as to provide additional real growth through new gifts and investment return.
