AFRICA

GHERMA*; Africa (20,000)
A joyful dedication was held for the Gherma New Testament in July 2018 in a large city! The translation team is planning to translate the Old Testament next.

» Pray that the Lord will strengthen and encourage the translation team as they begin the Old Testament work.
» Ask God to transform the hearts of the people through his Word. The majority are Muslims but because of Scripture use, an underground church is taking root.
» Lift up the Christians living among the Gherma people. Pray that God will give them strength to view persecution in light of James 1:2-3 (NIV): “Consider it pure joy, my brothers and sisters, whenever you face trials of many kinds, because you know the testing of your faith produces perseverance.”
» Intercede for new Christians who are being rejected or persecuted by their families. Thank God that he is with them even in hardships. Pray that he will show them he is their comfort and joy even when they don’t understand the circumstances.

ANGOLA

LUCAZI; Angola (400,000)
The original New Testament for Lucazi was published in 1935, and the whole Bible came out in 1963. The Lucazi community is primarily Christian, and there was need to do a new translation, beginning with the New Testament.

» Thank the Lord for the Bible Society of Angola who has managed the project. The New Testament manuscript has been approved, proofread and is ready for printing.
» Ask the Lord to oversee the printing process so the print will be clear and the books well bound.

NYANEKA-MWILA; Angola (600,000)
The translation team visited over 28 communities last year to tell people about Nyaneka-Mwila Scriptures. In one town, a young man named Chomomutima asked when the Bible in Nyaneka-Mwila would arrive. He said the need for Bibles in his language is great because many of his people do not understand the national language.

» Praise God for the fervent initiatives the team is making to create enthusiasm and acceptance for the Scriptures.
» The books of Genesis, Matthew, Mark and Philippians are already in people's hands. Pray for these books to transform lives and show both the power of God and the personal relationship he offers through Jesus.
» Ask the Holy Spirit to anoint the translators as they press forward to move each book through the steps of the translation process. Pray that the Scriptures they are working on will touch their hearts and increase their love and knowledge of God. Pray for good health for them and their families.

SONGO; Angola (50,000)
The Songo translators made procedural adjustments to help them better organize and track the whole translation process. These changes improved the way they studied, drafted and revised the biblical text.
» Praise God, Luke and Acts have been published and will be available to the Songo early this year. Ask the Holy Spirit to use these key books to create hunger and anticipation for having the entire New Testament soon.

» Lift up the translation team as they forge ahead, checking the final New Testament books with a consultant. Pray for wisdom, strength and joy for each person.

» Professing Songo Christians tend to be nominal and ritualistic and have little understanding of Scripture. Pray for the Bible Society of Angola and the local churches as they work together to encourage spiritual growth by using the Songo Scriptures.

GBAYA-BOSSANGOA; Central African Republic (200,000)

The translation team is based in the capital city due to unrest in their language area.

» Ask God to give the team a safe and productive trip to the language area to present five books published since their last visit: Mark, John, Romans and 1-2 Thessalonians. They will dedicate these books and interact with community and church leaders.
During their community visit, the team will also teach sessions on chronological Bible storying and inductive Bibles studies to prepare people to receive the New Testament next year. Pray that these sessions will excite people and cause them to thirst for God’s living Word.

Pray for the team to move quickly through the 16 final steps of manuscript preparation required before typesetting. These steps, which will take around 50 weeks to complete, include checking the entire New Testament spelling word list, punctuation, and parallel passages in the Gospels.

They are also preparing a glossary to help people understand unfamiliar terms in the New Testament. Pray they can finish it in good time and for the consultant-checking process to go smoothly.

**Thank the Lord** that the team participated in a dictionary workshop and compiled more than 1,000 entries, now on an Android app (Dictionary App), and pray as they continue to search for more words. The dictionary helps them find exactly the right word for the translation and adds prestige to the language.

Pray for consultants to be available to check a backlog of 20 books and 10 book introductions.

**Ask the Lord** to demonstrate his power in the team. Two two members have fragile health which affects their ability to work.

Pray that additional literacy teachers can be trained to faithfully teach classes in their villages. **Ask God** to raise up a host of readers and people engaging with the Scriptures, courageously applying them to their lives. KWOMA*; Nigeria (100,000)
The translation team has been working through a series of final checks of the New Testament to ensure that the translation is free of errors in spelling and formatting and that key terms are consistently translated. This is tedious work. They have also been working on supplementary materials to include. They want to print the New Testament soon so people can begin to use it.

One remaining task is to consultant check a draft of their glossary of key biblical terms. Pray that God will provide a consultant to check this material and strength for the team as they press on to completion.

Funding has been difficult for the last few years, which has caused the project to be delayed. Ask Jehovah-jireh to provide the resources they need to finish without further setbacks.

The community is interested and expectant for the project to be complete. Pray that God will prepare the hearts of the Kwoma community to receive his Word and for lives to be transformed by the Good News about Jesus.

MAYA; Nigeria (50,000)
Ethnic conflicts delayed the final typesetting of the Maya New Testament last year.

Pray for peace in Nigeria and in the Maya area.

Rejoice that the New Testament is now being printed. Pray for an excellent printing process and timely and safe shipment of the books back to Nigeria and to the language area.

As the Maya people receive God’s Word in their language this year, claim Isaiah 9:2: “The people who walk in darkness will see a great light. For those who live in a land of deep darkness, a light will shine” (NLT). Pray that they will treasure God’s Word and experience both internal and external peace.

MGBOLIZIA; Nigeria (190,000)
Last year the Mgbolizia translation team began running the New Testament text through a number of checks to prepare it for typesetting. However, funding issues arose that put it on hold.

Pray that the issues can be resolved soon so that the New Testament can proceed through the steps of typesetting and printing.

Ask God to provide a way forward for the project that honors him and brings glory to his name.
**Pray** that the delay will result in a greater hunger for God’s Word among the Mgbolizia people as they await the final copies.

**MWAGHAVUL; Nigeria (700,000)**

God proclaims in Isaiah 55:11: “I send [my Word] out, and it always produces fruit. It will accomplish all I want it to, and it will prosper everywhere I send it” (NLT).

**Praise God** for the hunger for God’s Word among the Mwaghavul people! They have reprinted the New Testament three times. A large number of enthusiastic Bible study groups, using a combination of audio and printed Scriptures, have resulted in an overwhelming demand for the printed New Testament.

**Lift up** the translation team as they forge ahead to complete the Old Testament. **Ask God** to grant them good health, stamina, wisdom and joy.

**Pray** that God will continue to grow passion in the hearts of the Mwaghavul people for His Word and provide all that is needed for them to receive the full Bible in their language.

The project is nearing the finish line. The team has final checks to ensure the texts are clear, accurate and natural sounding. **Pray** for God’s mighty hand to be on the project so that soon the over 30 million speakers of Nigerian Pidgin can enjoy listening to God’s Word.

**Pray** that people will continue to listen to and be transformed by the New Testament, leading to a great hunger to know the God of Abraham, Isaac and David as found in the Old Testament.

Thank the Lord for the courageous men and women who pressed on with the project in spite of inconvenience and life-threatening circumstances. One team member said, “Praise God for keeping us alive.”

Rejoice, the keliko.org website went live last year, providing Keliko speakers with the ability to view the “JESUS” film in Keliko, watch Bible story videos and listen to the Keliko New Testament.

Pray that the literacy program would be effective and sustainable.

Ask the Holy Spirit to draw the Keliko to the Lord, reminding them that in Jesus, “… now [we] have confidence in a better hope, through which we draw near to God” (Hebrews 7:19, NLT).

MARA CLUSTER PROJECT — Ikoma language; Tanzania (36,000)

The Mara Region lies in the northwest area of Tanzania, bordering Lake Victoria and Kenya. It is the most densely populated area of Tanzania with the fewest churches. » **Give praise**, the Ikoma translation team finished consultant checks for 1 Corinthians, 1-2 Peter and Jude last year. They also reviewed a number of books in the community to make sure they were clear and sounded natural.

» **Lift up** the team as they have a goal this year of finishing consultant checks for the final books of the New Testament (Mark, Romans, 2 Corinthians and Hebrews). **Ask the Lord** to grant them good health, concentration and wisdom.

MARA CLUSTER PROJECT — Jita language; Tanzania (205,000)

Pastor Magesa, one of the Jita translators, visited his home village of Butata for a funeral. While he was there, he was given the opportunity to preach in church. He preached most of the sermon in Jita, and people loved it! Old people, young people, men and women all understood the message. By the next day, word had spread that Magesa preached in Jita and people were very excited.

» **Praise the Lord**, 1-2 Thessalonians, 1-2 Timothy and Titus are now available to Jita speakers; they were printed last year.

» **Give thanks** for the Holy Spirit guiding the team as they translated Matthew. Initially they borrowed words from Swahili for the words “snake,” “pig” and “wine,” but when testing the book in the community, they discovered more natural Jita words for these items. The translation is much better now!

» **Lift up** the team as they finish consultant checks for Mark and Romans and draft John and 2 Corinthians this year. **Pray** for insight, good health and spiritual blessing as they work so closely with God's Word.

Kabwa is one of eight languages in the Mara Cluster. Thank the Lord that last year the Kabwa team finished consultant checks for the books of Matthew, Galatians and Revelation.

During a community check of portions of Scripture drafts, the translation team visited the local market and played the recording of Genesis from the Kabwa Scripture app. People quickly gathered around, and lively discussions took place, with one person making his point by writing a word on the ground in the sand. Several books were sold. Later that day several people were seen reading their newly-bought books. **Pray** for great spiritual fruit and increasing hunger for God's Word.

» **Ask the Lord** to fill the team with wisdom, stamina and clear minds as they press forward to finish the books of Mark, Romans and 2 Corinthians this year.
