

THE FINISH LINE

AMERICAS 2019

AMERICAS

ABUAHOI*; Americas

The translation team is focused on finishing an audio recording of the Scriptures, which will be key in reaching the Abuahei.

- » Due to the departure last year of the main speaker in the recording, a new speaker was enlisted. He is from a different dialect area, which added challenges to the project. **Ask God** to provide time and a smooth and uninterrupted workflow so the recording can be completed.
- » Because the translation team represents several dialects of Abuahei, there are inconsistencies in spelling. **Lift up** the team as they check close to 9,000 words and ensure they use the approved spellings for each.
- » **Ask Jehovah-jireh** to raise up finances for MegaVoice players — hand-held, solar-powered, digital audio players — primary tools for people to listen to the recorded Scriptures.
- » **Pray** for the Wycliffe team in the project, that they will continue to encounter goodwill among community leaders and that God will meet their financial needs as they get older.

CREVICE*; Americas

Over the years, our spiritual enemy has discouraged this project with repeated obstacles. Last year was no exception; many setbacks slowed progress. But God will have the final victory!

- » **Thank the Lord** that an audio recording of the New Testament is in process. After each New Testament book is recorded, the text is sent to a typesetter to lay out for eventual printing.
- » **Pray** for the recording to finish soon. The team would like to hold a dedication of the New Testament this year.

- » **Ask God** to strengthen the Crevice translation team spiritually and physically.
- » **Pray** that the Word will fall on fertile soil and produce a great harvest of righteousness as the Crevice listen to and read it.

MODLA*; Americas (14,300)

March 24, 2017, was a historic day for Modla speakers. God's Word arrived in their language! After a parade and a feast, hundreds of people gathered to thank God in a three-hour dedication service.

- » **Praise God** for the enthusiasm of attendees. Even those who had previously been critical or indifferent spoke out in favor of God's Word in their language.
- » **Give thanks** that many Modla were able to download the Scriptures onto their smartphones and begin to use them. Several days after the dedication, a Christian lady selling knit hats pulled out a newly-printed New Testament from under a pile of hats. She read it during slow market times and had marked special parts with colored pencils and bookmarks! **Pray** for continuing wide distribution and the fruit of changed lives and new believers in Christ.
- » **Lift up** the translation team as they continue in new ministry opportunities and roles. **Pray** for God to guide the next steps in language development and Scripture engagement strategies.

UNABEL*; Americas (1,800)

A couple on the translation team had an unexpected six-month medical leave last year, but praise God, they were able to rejoin the team and handle pending consultant questions on several books plus begin checks on parallel passages in the Gospels.

- » **Pray** for divine wisdom as the team resolves spelling issues so that the text of the New Testament can be finalized.

» **Ask the Lord** to provide good feedback as the New Testament is read through aloud in three villages to see if it is clear and sounds natural. **Pray** for spiritual fruit in the hearts of those who hear it.

» **Lift up** the need for participants who will finalize the New Testament. **Pray** they would have good health and be unified.

» **Ask God** to guide the team as they take the following steps to prepare the text for publication: checking punctuation and consistent use of key terms, and deciding on maps, illustrations and glossary terms to include. **Pray** for God to protect the team and the process from attacks from the enemy.

BRAZIL

BORÔRO; Brazil (1,390)

The Borôro program has been a challenging one, with very few Christians to take the lead.

» **Praise God**, by his enabling and with the prayers of many, a recording of the entire New Testament will be completed this year, along with 29 Old Testament stories. An audio version could have great impact in this primarily oral society. **Pray** for strong, clear voices and stable technology to complete the project.

» **Lift up** the translation team as they finalize the written text of the New Testament so that it can be published, primarily in digital format. Since many Borôro have smartphones, they would like to combine the digital print version with the recorded audio so that people can listen while they read the words.

» **Ask God's Spirit** to anoint distribution and evangelism trips by the Borôro believers and a local Brazilian pastor to other villages so many Borôro might come to a saving knowledge of Christ.

» **Pray** that the Borôro will understand that if they become followers of Jesus, they will not lose their cultural identity, a myth that has been taught them for years.

SIL

JARAWARA; Brazil (210)

CHILE

RAPA NUI; Easter Island, Chile (4,547)

The Rapa Nui New Testament translation was approved in 2013, but unexpected challenges arose in arranging for its publication.

» **Praise God**, publishing details were finally worked out, and by the grace of God the Rapa Nui New Testament was printed last year in South Korea. Also, Faith Comes By Hearing produced an audio edition, and both the print and audio versions were dedicated October 13, 2018, in a joyous celebration on Easter Island! The event was organized by the Chilean Bible Society, Faith Comes by Hearing, and the Municipal Department of Art and Culture of Rapa Nui.

» **Pray** that those who have printed and audio versions would use them and hear God speaking. **Pray** that they will put their trust in Christ alone for salvation and be transformed.

» **Lift up** those who respond to the Scriptures in their heart language, that they would share with others what they are learning and encourage people to get copies and become true followers of Christ.

» **Ask God** to fulfill his promise in Isaiah 55:11: "It is the same with my word. I send it out, and it always produces fruit. It will accomplish all I want it to, and it will prosper everywhere I send it" (NLT).

- » **Pray** that God would speed the work along and that there would be great enthusiasm for the publication of the Scriptures in these two languages.
